

HEADTEACHER COMMENT OF THE WEEK

This week we have enjoyed welcoming a number of visitors across the academy. Our nursery and tiny twos pupils had a visit from a magician and enjoyed some story telling too. As part of our Graduation project for year six the children have been busy designing and making bird boxes. There are some fabulous designs. Take a look at the photos on twitter. I wonder who will be the winner of our Design and Technology award?

I'm pleased to say that today two pupils represented Reedswood at the E-ACTs got talent event. Both pupils were filmed over at Willenhall today. We are really proud of them both and wish them good luck in this competition. Below are some of the entries for the art competition. Judging hasn't taken place yet for that by the trust. We wish all our artists the best of luck.

Several year groups have taken part in the relaxing yoga sessions. It was lovely visiting these relaxing sessions and seeing how the children responded. I was particularly impressed with the concentration of our younger children.

Today I popped into Reception to see our pupils using Numicon and a hundred square to explore odd and even numbers in a mathematics lesson. The children were keen to take part and showed good understanding.

Attendance has dipped this week across the academy. Please help us to improve next week. We have an exciting week of activities planned.
